## Kallary by Johanna Oras

A new design collection is ready to revolutionize.

Johanna Oras is an internationally recognized contemporary fine artist from Finland. During her almost 30-year career, she has always found great inspiration from nature. Oras has intricately studied the shapes, character and expression

of the Calla-lily for over two decades. During that time, Oras found the Calla to be a face for humane entities in her art.

Oras and the Calla have once again come together to create something wonderful: a new figure in the design world. In these Calla shapes you can see a fierce combination of passion, humanity and being in the moment. The dialogue between the Callas create interesting tensions that radiate lust for life and

adventure, with a beautiful modern twist.

A Kallary lamp is an interesting and captivating décor element and a piece of art, that can be combined with any space, and it will always interplay with its surroundings. This collaboration with Valaisin Grönlund has produced a truly sensational lamp that is ready to light your homes and hearts. Kallary is a union of nature and humanity. A new classic is here.

# SHADES

DESIGN BY  
**GRÖNLUND**

We manufacture textile shades and lamps for hotels, restaurants and other public areas. There are hundreds of fabrics to choose from.

We have a wide range of shade colours already in stock but even custom ones can be manufactured in request.

**Please contact our sales for more information.**

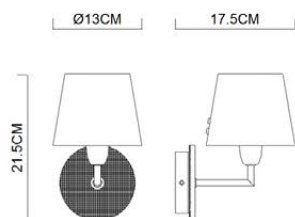

Most of our lights can be modified for hotels, restaurants and other public areas and places. If there isn't suitable model in our product portfolio, we can create one from a drawing or from a sketch.

We can help you to design, draw and manufacture new model from idea to ready product.

## HOTEL AND CONTRACT LIGHTING

## SCANDIC HELSINKI HUB

We were honoured to produce and supply wall lamps and table lamps to each 352 rooms of the hotel as well as lamps for reception, meeting areas and restaurants.

All the lamps are specially designed and produced for this unique hotel. All the lamps are made by using LED technology to save energy and to protect environment.

This unique and beautiful interior was designed by Franz Design Studio. Lamps were designed in co-operation with interior designers of Franz Design Studio and Grönlund Design Team.

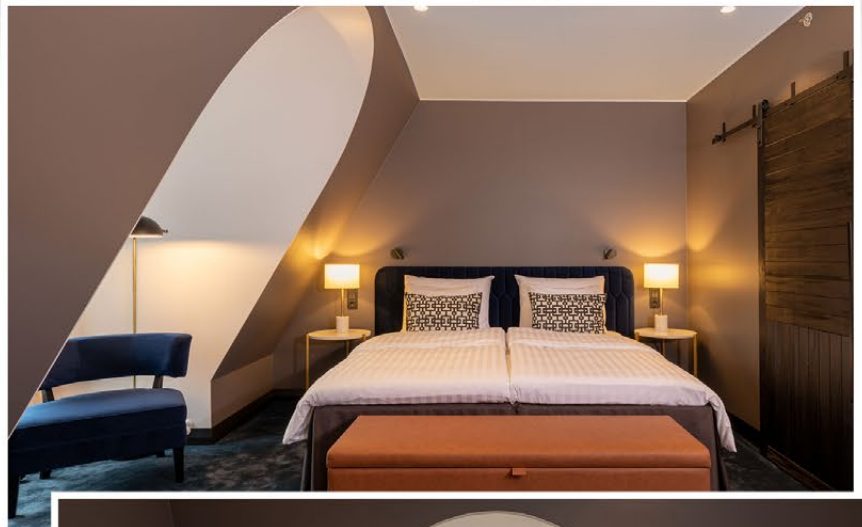

### SCANDIC HAMBURGER BÖRS

Valaisin Grönlund supplied bedside table lamps and desk lamps to each room of the hotel as well as floor lamps and wall lamps to certain rooms at the magnificent Scandic Hamburger Börs. The bedside table lamps and desk lamps were custom made according to the customer's wishes.

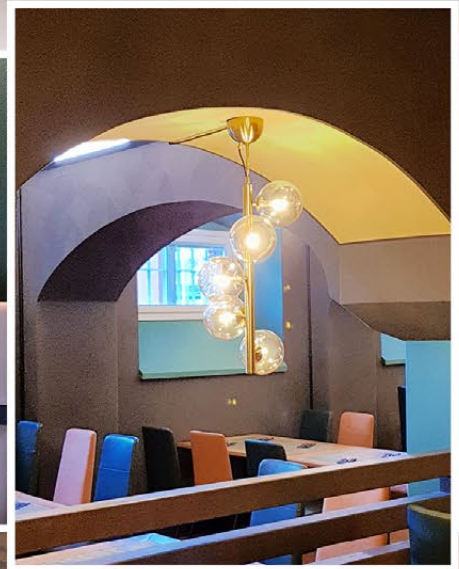

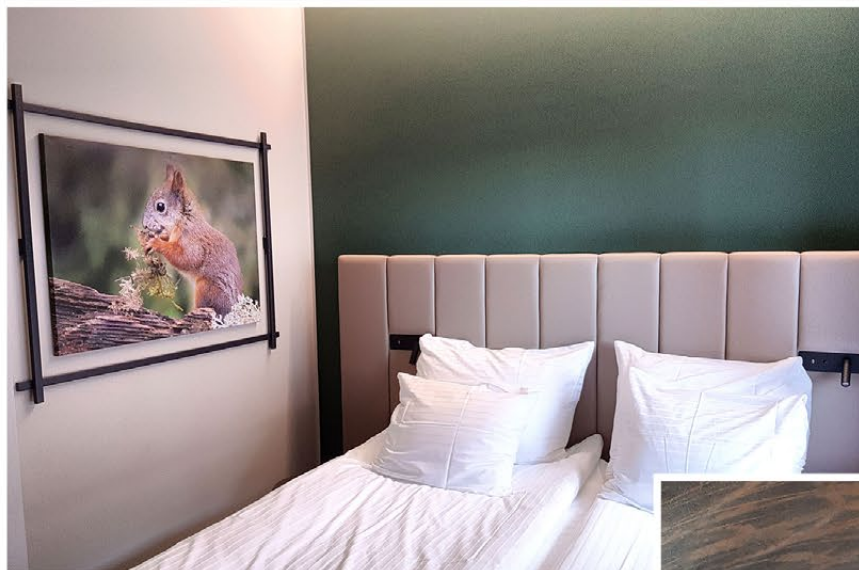

The hotel consists of 272 rooms and the unique interior was designed by Jaakko Puro, Puroplan.
