CONDIZIONI GENERALI DI VENDITA

Tutto il materiale pubblicitario, ovvero cataloghi, listini e campionari tessuti, sono di proprietà esclusiva di FELIS e devono essere utilizzati per le funzioni di vendita e solamente nei locali adibiti a tale servizio.

Il responsabile è il ricevente che è tenuto obbligatoriamente a restituire il suddetto materiale al legale rappresentante di FELIS qualora venga richiesto.

In difetto di quanto esposto FELIS sarà autorizzata a richiederne il rimborso oltre all'eventuale risarcimento danni.

Il presente listino annulla e sostituisce i precedenti. I prezzi sono esposti in unità di Euro e sono da considerarsi al pubblico IVA esclusa. L'imballo di serie previsto è compreso nel prezzo. La merce è resa franco domicilio del cliente per importi superiori ai 150 €. Per le spedizioni urgenti, con importi di prezzo netto inferiori ai 150 € le consegne sono da intendersi in porto assegnato e verranno addebitati 20 € (prezzo netto) come contributo spese.

ORDINI.

Gli ordini assumono validità solo ad avvenuta approvazione ed accettazione di FELIS (con tacito assenso entro 3 giorni lavorativi successivi al ricevimento). Eventuali variazioni e/o modifiche all'ordine, potranno essere effettuate entro e non oltre il giorno successivo al ricevimento dell'ordine stesso. Trascorso questo termine, l'ordine sarà ritenuto valido a tutti gli effetti.

CONSEGNE.

I tempi di consegna standard per i prodotti FELIS risultano essere entro i 30 giorni lavorativi dalla data di ricevimento dell'ordine.

RECLAMI.

Le contestazioni per danni derivanti dal trasporto devono essere fatte al vettore al momento dello scarico. Un eventuale ritardo nella consegna verrà tempestivamente comunicato e in ogni caso non potrà dar luogo a nessun risarcimento danni. Eventuali reclami per difetti di fabbricazione dovranno essere fatti per iscritto entro 8 giorni dal ricevimento della merce. I resi della merce dovranno essere preventivamente autorizzati per iscritto. In caso di reso, sostituzione o riparazione, la merce deve essere perfettamente imballata e dovrà essere consegnata a FELIS con relativo documento di trasporto.

TESSUTI.

In caso di rivestimenti coordinati con tessuti di due diverse categorie va considerato il prezzo della categoria superiore. Non si applicano prezzi intermedi. Ogni partita di tessuto può presentare variazioni di tonalità sia rispetto al campionario, sia rispetto a rivestimenti prodotti in tempi diversi. Per questo motivo non si possono ritirare pezzi rimasti scompagnati né si possono produrre pezzi a completamento senza il ritiro in visione di un elemento che fungerà da riferimento colore. I tessuti di rivestimento, soprattutto nei colori scuri, pur avendo caratteristiche dichiarate di resistenza all'esposizione della luce solare o artificiale subiscono un'alterazione nel tempo dovuta all'usura ed alle normali operazioni di lavaggio. Nei tessuti di ciniglia vi è la naturale tendenza allo schiacciamento del pelo, quindi l'eventuale effetto "macchia" è da considerarsi fisiologico ed è una delle principali caratteristiche tipiche dell'articolo.

Per tutti i tessuti con disegni, quali righe, fiori, quadri o altro, si segnala che non sempre si possono far combaciare le linee di cucitura né tanto meno i disegni fra struttura, cuscini dello schienale, del sedile e dei braccioli. A richiesta è possibile centrare il verso del tessuto tra struttura e cuscinatura. Questo comporta il taglio a "mano" con maggiorazione di prezzo del 15% ad elemento.

I manufatti richiesti in tessuto bicolore coordinato vengono prodotti sempre nel seguente modo:

1° tessuto: rivestimento della base (struttura o scocca e parte fissa dei braccioli)

2° tessuto: rivestimento della cuscinatura (cuscini schienale, sedile e braccioli).

Nel caso vi fossero richieste difformi da quanto sopra, verrà applicata una maggiorazione del 8% sul prezzo dell'intero elemento, dovuto al taglio a mano. Se il tipo di combinazione richiesta prevede uno spreco di tessuto questo verrà addebitato a parte in base alla categoria. Per richieste di elementi con fianchi a vista, nel caso di modelli non predisposti, verrà applicata una maggiorazione dell'8% per ogni elemento a seconda del modello interessato. FELIS si ritiene esonerata da qualsiasi responsabilità in merito all'immediata eliminazione da parte di fornitori di articoli presenti nella propria collezione per i quali non ha potuto dare comunicazione preventiva. In tal caso il cliente non potrà avanzare pretese di compensi, indennizzi o riserve.

FODERE.

Il prezzo delle fodere di ogni singolo elemento e modello è riportato percentualmente in fondo alla pagina del listino e si riferisce al rivestimento completo dell'elemento scelto, confezionato come l'originale. Per rivestimenti parziali, come ad esempio della sola struttura o della sola cuscinatura, si dovrà richiedere di volta in volta il preventivo.

TESSUTO CLIENTE.

Il tessuto fornito dal cliente dovrà avere l'altezza utile di cm 140 al netto di cimosa e dovrà essere in unico taglio, privo di difetti e avvolto in rotolo, con specificata ed evidenziata la parte diritta del tessuto oltre all'alto e al basso. FELIS non si assume nessuna responsabilità nello stabilire il verso del fronte e del retro. Tutti i metraggi espressi nel listino sono considerati di 140 cm di altezza utile. Per il costo di realizzo si dovrà far riferimento alla categoria "Tessuto Cliente". Il tessuto dovrà pervenire in porto franco accompagnati da D.D.T. con causale "conto lavorazione".

PELLE DEL CLIENTE.

Per richieste di elementi da realizzare con pelle fornita dal Cliente, si prega di richiedere di volta in volta la quantità necessaria per la produzione. Il materiale dovrà pervenire in porto franco. Per il costo di realizzo di divani e poltrone con pelle fornita dal Cliente, si deve fare riferimento alla categoria "Tessuto Cliente" applicando la maggiorazione del 25%.

LAVAGGIO.

Per il lavaggio e la manutenzione dei rivestimenti si pone l'obbligo di rispettare tassativamente le modalità riportate nei cartellini di manutenzione. Contrariamente si declina ogni responsabilità per eventuali danni causati da un errata manutenzione e/o lavaggio. Il prelavaggio in acqua può essere effettuato a richiesta del cliente, nel caso sia contemplato dalle istruzioni di manutenzione del tessuto. In questo caso moltiplicare il costo del lavaggio del tessuto per i metri di ogni singolo articolo.

FUORI MISURA.

Gli elementi eseguiti "fuori misura", previa accettazione, saranno soggetti ad una maggiorazione di prezzo che sarà comunicata, di volta in volta, tramite invio di preventivo da ritornare firmato per accettazione.

GOMME.

La variazione della densità delle gomme di seduta oppure delle gomme di schiena comporta un addebito pari al 6% del prezzo indicato del divano. La variazione della densità sia della schiena che della seduta comporta un addebito pari al 10% del prezzo indicato del divano.

MISURE.

Essendo i nostri manufatti prodotti con imbottiture elastiche, precisiamo che le misure d'ingombro possono variare entro i limiti compresi tra i -2 e i +2 cm. Le misure dei divani nella versione letto si riferiscono all'ingombro totale in lunghezza con la rete aperta. FELIS si riserva di apportare in qualsiasi momento e senza alcun preavviso tutte le modifiche che riterrà opportuno per migliorare le qualità tecniche ed estetiche dei suoi prodotti.

DESTRO O SINISTRO.

Nelle composizioni angolari, la posizione destra e sinistra è da intendersi guardando il divano frontalmente.

PAGAMENTI.

Le modalità di pagamento ed i relativi termini richiesti dal Cliente al momento dell'ordine dovranno essere conformi a quelli previsti da FELIS che si riserva la facoltà di accettarli. Il Cliente è tenuto a pagare il prezzo nel termine convenuto, quale risulta dalla fattura di vendita, al domicilio di FELIS. Il compratore cade in mora quando non paga entro il termine. Dalla scadenza al momento dell'effettivo pagamento decorrono interessi moratori calcolati ad un tasso di 4 (quattro) punti percentuali superiori a quelli di tasso di sconto vigente. Il ritardato o mancato pagamento, anche di una sola rata, dà diritto a FELIS di richiedere il saldo immediato di tutti i suoi crediti in essere e sospendere eventuali forniture anche se riferite ad ordinativi diversi o anche se previste consegne ripartite.

RISERVATO DOMINIO.

La vendita della merce viene effettuata con riserva della proprietà ai sensi dell'art. 1523 Cod. Civ. Il committente acquista pertanto la proprietà della merce col pagamento dell'ultima rata. Qualora la fornitura fosse posta a pignoramento, il committente dovrà informare l'Autorità Giudiziaria che i beni oggetto della vendita non sono pignorabili in quanto di proprietà della venditrice. In ogni caso a scelta insindacabile di FELIS, il committente autorizza sin da ora FELIS ad accedere ai propri magazzini, sedi, fabbricati, ecc. affinché possa prelevare e recuperare la merce fornita in precedenza. Eventuali acconti o rate corrisposte saranno incamerate da FELIS a titolo di penalità e risarcimento danni.

Per ogni controversia è competente il foro di Pordenone.

In the event of returning a replacement or repaired item, the goods must be perfectly packaged and must be delivered to FELIS with the relevant delivery note.

FABRICS.

In the case of matching upholstery in fabrics from two different categories, the price of the higher category shall apply. In-between prices cannot be applied. Each batch of fabric may vary in colour to the sample fabric and to upholstery produced at different times. Consequently, it is completely impossible for us to accept the return of pieces that do not match, and we cannot produce pieces to complete an arrangement without receiving an example from you as a colour reference. Even though fabrics for upholstery have been described with characteristics of resistance to exposure to sunlight or artificial light, and mechanical resistance, dark colours in particular are subject, in any case, to changes in the long-term due to wear and tear and normal washing procedures. The hair of chenille fabrics tends to get flattened, therefore, any "mark" effect must be considered physiological and an important characteristic of this fabric.

We would like to indicate for all other fabrics with patterns, such as stripes, flowers, squares and other designs, that it is not always possible for these to be matched up when stitched. This also applies to the structure, cushions for the back, the seat and the armrests. It is possible to match up the grain of the fabric for the structure and padded elements on request. This shall require cutting "by hand" at a surcharge of 10% for each item.

Products requested in a coordinated two-colour fabric are always produced in the following way:

1st fabric: upholstery for the base (structure or carcass and fixed part of armrests)

2nd fabric: upholstery for the padded elements (cushions, back, seat and armrests).

Any requests made differently to the aforesaid, provides for a surcharge of 8% to the price of the entire element for cutting by hand. If the type of combination requested involves wasting fabric, this shall be charged separately, depending on the category. For requests for elements with visible sides, for models not equipped with them, a surcharge of 8% shall be applied for each element, depending on the model in question.

FELIS denies all liability for the instant elimination by suppliers of items in its collection of fabrics/leathers, and for which it was not able to give prior notice. In this case, the customer shall not be entitled to submit any claims for remuneration, compensation or the amount concerned.

LININGS.

The price of linings for each separate item and model is given in percentage points at the bottom of the price list page. This refers to the entire upholstery for a chosen item, covered exactly the same as the original. For partial upholstery, such as structure or padded elements only, a quotation must be requested to FELIS each time.

THE CUSTOMER'S FABRIC.

The fabric supplied by the customer must have a usable fabric width of 140 cm, not including the selvage, and it must be in single piece, free from defects and rolled up. The right side of the fabric must be specified and indicated, as well as the width and length. FELIS denies all liability for the right and wrong grain of the fabric. All fabric measurements indicated in the price list have usable H. 140cm. For the cost of making this, please see the Customer's Fabric category. The fabric must arrive carriage free accompanied by a delivery note indicating "special work order".

THE CUSTOMER'S LEATHER.

For requests for items to be made using the Customer's leather, please request the quantity of leather required to produce them each time. This material must arrive carriage free. For the cost of making sofas or armchairs using the "Customer's leather", please refer to the "Customer's Fabric" category, adding a surcharge of 25%.

WASHING.

For washing and maintenance operations for upholstery, there is a strict obligation to follow the instructions given on the maintenance cards, otherwise all liability is denied for any damage due to incorrect maintenance and/or washing. A pre-wash in water may be carried out at the customer's request if it is envisaged in the maintenance instructions for the fabric. In this case, multiply the cost of pre-washing the fabric by the metres of each separate item.

NON-STANDARD ELEMENTS.

Non-standard items/elements accepted by us shall be subject to a surcharge that shall be notified, each time, at the time of sending the quotation, which must be signed as acceptance and returned to us.

UPHOLSTERY.

Any variation required to make seat cushion or backrest cushion harder or softer costs 6% of the sofa price. Any variation concerning both items (seat and backrest cushion) costs 10% of the sofa price.

SIZES.

Since our products are made with elastic padding, we would like to point out that the overall dimensions may vary from -2 cm to +2 cm. Measurements for sofa beds refer to overall dimensions in length when the bedbase is open. FELIS reserves the right to make any modifications, at any time and without prior notice, it deems necessary in order to improve the technical and aesthetic qualities of its products.

RIGHT-HAND / LEFT-HAND VERSION.

In corner arrangements, the RH / LH position is indicated when facing the front of the sofa.

PAYMENTS.

Payment procedures and related terms proposed by the Customer at the time of ordering, must be in line with those provided by FELIS, which reserves the right to accept them or not. The Customer undertakes to pay the FELIS office the price established on the sales invoice by the agreed time. The purchaser falls into arrears when payment is not made by the pre-established date. From the due date to the time of actual payment, interest on delayed payment shall be calculated at the rate of 4 (four) percentage points in addition to the current discount rate. Any delay in payment, of even just one instalment, shall entitle FELIS to request immediate full payment of all unsettled accounts and to interrupt any further supplies even for different orders or split deliveries.

RIGHT OF OWNERSHIP.

The sale of goods is made with all ownership rights reserved in compliance with art. 1523 of the Civil Code. Consequently, the purchaser acquires ownership of the goods on payment of the last instalment of the price to be paid. If the supplied goods should be subject to distraint, the purchaser must notify the judicial authorities that the goods in this contract cannot be subject to distraint, since they are the property of the seller. In any case, at the unquestionable judgement of FELIS, the purchaser shall authorize, from this time onwards, FELIS to gain access to its warehouses, offices, and premises etc. so that FELIS may collect and recover any previously supplied goods. Any deposits or instalments paid shall be appropriated by FELIS as a penalty and compensation for damages.

Any disputes shall be settled by the Court of Pordenone.

En défaut, FELIS sera autorisée à en demander le remboursement ainsi que les éventuels dommages-intérêts.

La présente liste des prix annule et remplace toutes les précédentes. Les prix exposés sont en Euro et ils s'entendent au public, hors taxes. L'emballage prévu par FELIS de série est compris dans le prix. La marchandise est livrée franco domicile du client pour des montants supérieurs à 150 €. Les commandes deviennent valables seulement après approbation et acceptation de la part de FELIS (avec accord tacite dans les 3 jours ouvrables qui suivent la réception). Éventuelles variations et/ou modifications de la commande, pourront être effectuées au maximum le jour qui suit la réception de la commande. Passé ce délai, la commande sera valable à tous les effets.

LIVRAISONS.

Les délais de livraison standard pour les produits FELIS sont de 30 jours ouvrables à partir de la réception de la commande.

RÉCLAMATIONS.

Les contestations pour des dommages dérivant du transport, doivent être effectuées au transporteur au moment du déchargement. Un éventuel retard de livraison sera communiqué en temps utile et, en tous cas, on ne pourra pas avoir aucun dommage-intérêt. Éventuelles réclamations pour des défauts de fabrication devront être présentés par écrit dans les 8 jours qui suivent la réception de la marchandise. Les restitutions de marchandise devront être autorisées préalablement par écrit, de notre part. En cas de restitution en remplacement ou réparation, la marchandise doit être parfaitement emballée et elle sera livrée à FELIS avec le relatif document de transport.

TISSUS.

En cas de revêtements coordonnés avec des tissus de deux catégories différentes, il faut considérer le prix de la catégorie supérieure. On n'appliquera pas de prix intermédiaires. Chaque lot de tissu peut présenter des variations de tonalité aussi bien par rapport à l'échantillonnage que par rapport aux revêtements produits pendant des moments différents. Pour cette raison, on ne peut absolument retirer les pièces qui sont désassorties et on ne peut pas produire des compléments sans prendre vision d'un échantillon qui sera de référence pour la couleur. Les tissus de revêtement, surtout dans les coloris foncés, bien qu'ayant des caractéristiques déclarées de résistance à l'exposition à la lumière du soleil ou artificielle, et mécaniques, subissent, en tous cas, une altération au fil du temps, due à l'usure et aux normales opérations de lavage. Dans les tissus de chenille, il y a la tendance naturelle à l'écrasement du poil, et donc l'éventuel effet "tache" doit être considéré physiologique et est une des principales caractéristiques typiques de l'article.

Pour tous les tissus avec des dessins comme: rayures, fleurs, carreaux, autres dessins, signalons qu'ils ne peuvent pas toujours coïncider dans les lignes de couture et encore moins dans les rapports entre structure, coussins du dossier, de l'assise et des accoudoirs. Sur demande, il est possible de centrer le sens du tissu entre structure et coussins. Cela comporte la découpe "à la main" avec un supplément de prix de 15% par élément.

Les produits demandés en tissu bicolore coordonné sont toujours produits de la manière suivante:

1° tissu: revêtement de la base (structure ou châssis et partie fixe des accoudoirs)

2° tissu: revêtement des coussins (coussins dossier, assise et accoudoirs).

Dans le cas de demandes différentes, un supplément de prix de 8% sera appliqué sur le prix de tout l'élément, dû à la découpe à la main. Si le type de combinaison demandée prévoit un gaspillage de tissu, celui-ci sera débité à part sur la base de la catégorie. Pour des demandes d'éléments avec côtés "à vue", dans le cas de modèles non prévus, un supplément de 8% sera appliqué pour chaque élément selon le modèle intéressé.

La société FELIS se considère dispensée de toute responsabilité pour ce qui concerne l'élimination immédiate, par les fournisseurs, des articles qui sont dans la liste tissus / cuirs et pour lesquels elle n'a pas pu le communiquer à l'avance. Dans ce cas, le client ne pourra pas prétendre des compensations, indemnités ou réserves à ce sujet.

HOUSSES.

Le prix des housses de chaque élément et modèle est reporté, en pourcentage au bas de la page de la liste des prix, et il se réfère au revêtement complet de l'élément choisi, confectionné exactement comme l'original. Pour des revêtements partiels, comme par exemple, seulement de la structure ou des coussins, il faudra demander, chaque fois, le devis à FELIS.

TISSU CLIENT.

Le tissu fourni par le client doit avoir une hauteur utile de 140 cm au net de la lisière et il devra être en un seule coupe, sans défauts et enroulé, en spécifiant et en mettant en évidence la partie endroit du tissu ainsi que le haut et le bas. La société FELIS n'a aucune responsabilité pour l'endroit et l'envers. Tous les métrages exprimés dans la liste des prix sont considérés en H 140 utile. Pour le coût de réalisation il faudra faire référence à la catégorie Tissu Client. Le tissu devra parvenir port franc accompagné par un document de transport avec comme cause "matériel à façon".

CUIR DU CLIENT.

Pour des demandes à réaliser avec le cuir du Client, nous Vous prions de demander chaque fois la quantité de cuir nécessaire pour la production. Le matériel devra parvenir port franc. Pour le coût de réalisation de canapés et fauteuils avec "cuir Client", faire référence à la catégorie "Tissu Client" en appliquant un supplément de 10%.

LAVAGE.

Pour le lavage et la maintenance des revêtements, il est obligatoire de respecter absolument les modalités reportées sur les étiquettes de maintenance. Contrairement, l'on décline toute responsabilité pour éventuels dommages causés par un entretien et/ou un lavage erroné. Le pré-lavage en eau peut être effectué sur demande du client, si cela est indiqué dans les instructions d'entretien du tissu. Dans ce cas, multiplier le coût du lavage du tissu par les mètres de chaque article.

HORS MESURE.

Les pièces/éléments réalisés "hors mesure", et acceptés par nous, seront sujets à un supplément de prix qui sera communiqué, chaque fois, par l'envoi d'un devis qui devra nous être renvoyé signé par acceptation.

MOUSSES.

La variation de densité des mousses des assises ou des mousses des dossiers prévoit un débit de 6% du prix du canapé. La variation de densité soit du dossier ou de l'assise prévoit un débit de 10 % du prix de canapé.

MESURES.

Étant nos produits réalisés avec des rembourrages élastiques, nous voudrions préciser que les mesures d'encombrement peuvent varier dans les limites comprises entre + ou - 2 cm. Les mesures des canapés dans la version lit se réfèrent à l'encombrement total en longueur avec le sommier ouvert. La société FELIS se réserve d'apporter à tout moment et sans aucun préavis, toutes les modifications qu'elle jugera opportunes pour améliorer les qualités techniques et esthétiques de ses produits.

DROITE OU GAUCHE.

Dans les compositions d'angle, la position Droite - Gauche s'entend en regardant le canapé frontalement.

PAIEMENTS.

Les modalités de paiement et les délais relatifs proposés par le Client au moment de la commande, devront être celles prévues par FELIS qui se réserve de les accepter ou pas. Le Client est obligé à payer le prix dans le délai convenu, comme il résulte de la facture de vente, au domicile de FELIS. L'acheteur est en demeure quand il ne paie pas dans le délai. Dès l'échéance jusqu'au moment de l'effectif paiement, les intérêts moratoires sont calculés à un taux de 4 (quatre) pour cent supérieurs au taux d'escompte en vigueur. Le retard de paiement, même d'une seule tranche, donne le droit à FELIS de demander le solde immédiat de toutes ses crédits existants et de suspendre éventuelles fournitures suivantes, même pour des commandes différentes ou pour des livraisons réparties.

RÉSERVE DE PROPRIÉTÉ.

La vente de la marchandise s'effectue avec réserve de propriété au sens de l'article 1523 Code Civil Italien. Le commettant achète donc la propriété de la marchandise avec le paiement de la dernière tranche de prix. Si la fourniture est soumise à saisie, le commettant devra informer l'Autorité Judiciaire que les marchandises du présent contrat ne peuvent pas être saisis car ils sont de propriété du vendeur. En tous cas, sur le choix sans appel de FELIS, le commettant autorise dès à présent FELIS à accéder à ses magasins, sièges, bâtiments, etc. afin que FELIS puisse prélever et récupérer la marchandise fournie précédemment. Éventuels acomptes ou tranches versées seront encaissés par FELIS au titre de pénalité et de dommages-intérêts.

Pour toute controverse, le Tribunal de Pordenone est le seul compétent.

CONDICIONES GENERALES DE VENTA

Todo el material publicitario, es decir, catálogos, listas y muestras de tejidos, son de propiedad exclusiva de FELIS y deberán utilizarse para las funciones de venta y únicamente en los lugares dedicados a este servicio.

El responsable es el receptor, que deberá devolver obligatoriamente el citado material al representante legal de FELIS cuando se le solicite.

En caso de incumplimiento de lo anterior, FELIS estará autorizado para solicitar el reembolso además del posible resarcimiento de daños.

La presente lista anula y sustituye las anteriores. Los precios se exponen en euros y deberán considerarse de venta al público, sin IVA. El embalaje de serie previsto está incluido en el precio. La mercancía se entregará franco en el domicilio del cliente por importes superiores a los 150 €. Para los envíos urgentes, con importes de precio neto inferiores a los 150 €, las entregas deberán entenderse en porte asignado y se cargarán 20 € (precio neto) como contribución en los gastos.

PEDIDOS.

Los pedidos serán válidos solo con la aprobación y aceptación de FELIS (con asenso tácito en 3 días laborables posteriores a la recepción). Las posibles variaciones y/o modificaciones en el pedido podrán efectuarse como mucho hasta el día siguiente a la recepción del pedido. Transcurrido este plazo, el pedido se considerará válido a todos los efectos.

ENTREGAS.

Los plazos de entrega estándar para los productos FELIS son como máximo de 30 días laborables desde la fecha de recepción del pedido.

RECLAMACIONES.

Las reclamaciones por daños de transporte deberán remitirse al transportista en el momento de la descarga. Un posible retraso en la entrega se comunicará en tiempo y forma y, en cualquier caso, no dará lugar a resarcimiento alguno de daños. Las posibles reclamaciones por defectos de fabricación deberán realizarse por escrito en 8 días desde la recepción del pedido. Las devoluciones de mercancía deberán ser autorizadas previamente por escrito. En caso de devolución, sustitución o reparación, la mercancía deberá estar perfectamente embalada y deberá entregarse a FELIS junto con el documento de transporte correspondiente.

TEJIDOS.

En caso de revestimientos combinados con tejidos de dos categorías diferentes, se considerará el precio de la categoría superior. No se aplicarán precios intermedios. Cualquier partida de tejido puede presentar variaciones de tonalidad tanto respecto a la muestra, como respecto a los revestimientos fabricados en momentos diferentes. Por este motivo no es posible retirar piezas sueltas ni se pueden producir piezas que completan otros lotes sin haber visionado un elemento que servirá de referencia de color. Los tejidos de revestimiento, sobre todo en colores oscuros, aun teniendo características declaradas de resistencia a la exposición a la luz solar o artificial, sufren una alteración en el tiempo debida al desgaste y a las operaciones normales de lavado. Los tejidos de chenilla tienen una tendencia natural al aclarado del pelo, por lo tanto el posible efecto «mancha» deberá considerarse fisiológico y es una de las principales características típicas del artículo.

Para todos los tejidos con dibujos, como rayas, flores, cuadros u otro, se recuerda que no siempre es posible hacer coincidir las líneas de costura ni mucho menos los dibujos entre estructura, cojines del respaldo, asiento y reposabrazos. A petición, es posible centrar el sentido del tejido entre estructura y cojines. Esto implica el corte «a mano», lo cual supone un recargo del 15 % por elemento.

Los productos pedidos en tejido bicolor combinado se fabrican siempre del siguiente modo:

1º tejido: revestimiento de la base (estructura o chasis y parte fija de los reposabrazos)

2º tejido: revestimiento de los cojines (cojines del respaldo, asiento y reposabrazos).

En caso de peticiones divergentes de lo anterior, se aplicará un recargo del 8 % sobre el precio del importe total, debido al corte a mano. Si el tipo de combinación solicitada prevé una pérdida de tejido, esta se cargará por separado según la categoría. Para peticiones de elementos con costados a la vista, en el caso de modelos no preparados, se aplicará un recargo del 8 % por cada elemento según el modelo en cuestión.

FELIS declina toda responsabilidad sobre la eliminación inmediata por parte de proveedores de artículos presentes en la propia colección, para los cuales no ha podido dar comunicación previa. En ese caso el cliente no podrá reclamar compensaciones, indemnizaciones ni reservas.

FUNDA.

El precio de las fundas de cada elemento y modelo aparece en forma de porcentaje en final de la página de la lista y se refiere al revestimiento completo del elemento elegido, confeccionado como el original. Para revestimientos parciales, como por ejemplo solo de la estructura o solo de los cojines, deberá solicitarse presupuesto en cada caso.

TEJIDO DEL CLIENTE.

El tejido suministrado por el cliente deberá tener la altura útil de 140 cm previa deducción del orillo y deberá ser en un único corte, sin defectos y enrollado, especificando y destacando la parte derecha del tejido además del alto y del bajo. FELIS declina toda responsabilidad a la hora de establecer el sentido de la tela, del derecho y del revés. Todos los metrajes expresados en la lista se consideran de 140 cm de altura útil. En cuanto al coste de realización, deberá remitirse a la categoría «Tejido del cliente». El tejido deberá recibirse en porto franco acompañado de D.D.T. con la frase «trabajo por encargo».

PIEL DEL CLIENTE.

Para peticiones de elementos realizados con piel suministrada por el Cliente, se ruega preguntar en cada caso la cantidad necesaria para la producción. El material deberá enviarse en porto franco. En cuanto al coste de realización de sillones y sofás con piel suministrada por el Cliente, deberá remitirse a la categoría «Tejido del Cliente» aplicando un incremento del 25 %.

LAVADO.

Para el lavado y el mantenimiento de los revestimientos, es obligatorio respetar fielmente las modalidades indicadas en las etiquetas de mantenimiento. En caso contrario, se declina toda responsabilidad por posibles daños causados por un incorrecto mantenimiento y/o lavado. El prelavado en agua puede efectuarse a petición del cliente, en caso de estar contemplado en las instrucciones de mantenimiento del tejido. En este caso, multiplicar el coste del lavado del tejido por los metros de cada artículo.

MEDIDA PERSONALIZADA.

Para los elementos realizados de «medida personalizada», previa aceptación, se comunicará, en cada caso, mediante el envío de un presupuesto que el cliente deberá devolver firmado como prueba de aceptación.

ESPUMA.

La variación de la densidad de las espumas de asiento o de la espuma del respaldo implica un recargo del 6 % respecto al precio indicado del sofá. La variación de la densidad tanto del respaldo como del asiento implica un recargo del 10 % respecto al precio indicado del sofá.

MEDIDAS.

Al ser nuestros artículos productos con rellenos elásticos, matizamos que las dimensiones pueden variar en los límites comprendidos entre los -2 y los +2 cm. Las medidas de los sofás en la versión cama se refieren a la ocupación total a lo largo con el somier abierto. FELIS se reserva el derecho a aportar en cualquier momento y sin preaviso todas las modificaciones que considere oportunas para mejorar las cualidades técnicas y estéticas de sus productos.

DERECHA O IZQUIERDA.

En las composiciones angulares, la posición derecha o izquierda deberá entenderse mirando el sofá de frente.

PAGOS.

Las modalidades de pago y las relativas condiciones exigidas por el Cliente en el momento del pedido deberán ajustarse a los previstos por FELIS, que se reserva la facultad de aceptarlos. El Cliente deberá pagar el precio en el plazo acordado, como resulta en la factura de venta, en el domicilio de FELIS. El comprador incurrirá una demora cuando no pague dentro de plazo. Desde el vencimiento hasta el momento del pago efectivo devengarán intereses de demora calculados a un tipo de 4 (cuatro) puntos porcentuales superiores a los de la tasa de descuento vigente. El pago retrasado o el impago, también de una sola letra, dará derecho a FELIS a solicitar el pago inmediato de todas sus deudas y a suspender posibles suministros, aunque se refieran a otros pedidos o aunque estén previstas entregas fraccionadas.

DOMINIO RESERVADO.

La venta de la mercancía se realiza con reserva de la propiedad con arreglo al art. 1523 Cód. Civ. Por lo tanto, el cliente adquiere la propiedad de la mercancía con el pago de la última letra. Cuando el suministro sea pignorado, el cliente deberá informar a la Autoridad Judicial de que los bienes objeto de la venta no son pignorable puesto que son propiedad de la vendedora. En cualquier caso, a elección incuestionable de FELIS, el cliente autoriza desde este momento a FELIS a acceder a los propios almacenes, sedes, edificaciones, etc. de modo que pueda retirar y recuperar la mercancía suministrada anteriormente. FELIS retendrá los posibles anticipos o letras pagadas en concepto de sanción y resarcimiento de daños.

Para cualquier controversia, será competente el Tribunal de Pordenone.

FIBRE ANIMALI

Sono fibre costituite da proteine simili alla cheratina dei capelli, prodotte da animali per la propria protezione dal caldo e dal freddo (come il pelo o il bozzolo della seta). Sono resistenti, calde, ma molto delicate da trattare. Richiedono temperature di lavaggio ed eventuale stiratura molto basse.

ANIMAL FIBRES

These fibres comprise proteins similar to keratin in hair, produced by animals to protect them from the heat and cold (such as hair or silk cocoon). They are resistant and warm but very delicate to treat. They require very low wash, and if necessary ironing, temperatures.

FIBRES ANIMALES

Ce sont des fibres se constituant de protéines semblables à la kératine des cheveux, produites par les animaux pour se protéger contre le chaud ou le froid (comme le poil ou le cocon de soie). Elles sont résistantes, chaudes, mais très délicates à traiter. Elles nécessitent des températures de lavage ou de repassage très basses.

FIBRAS ANIMALES

Son fibras constituidas por proteínas similares a la queratina del cabello, producidas por animales para la propia protección del calor y del frío (como el pelo o la crisálida de la seda). Son resistentes, calientes, pero muy delicadas de tratar. Requieren temperaturas de lavado y posible planchado muy bajas.

FIBRE SINTETICHE

Sono fibre costituite da polimeri chimici di tipi molto diversi. Le caratteristiche cambiano molto da fibra a fibra: possono essere elastiche, impermeabili, indeformabili, ingualcibili, poco sensibili da assorbire umidità o a lasciare traspirare. I rivestimenti realizzati con queste fibre si lavano a mano in acqua tiepida o in lavatrice seguendo il ciclo di lavaggio indicato. Non si candeggiano e non si strizzano con la centrifuga altrimenti si stropicciano. Si mettono ad asciugare appesi e a volte non è necessario stirarli. Se si usa il ferro da stiro per ridare forma ai capi è opportuno usarlo a bassa temperatura.

SYNTHETIC FIBRES

These fibres comprise a wide variety of chemical polymers. Their characteristics vary very much from fibre to fibre: they can be elastic, waterproof, non-deformable, crease-resistant and ineffective in absorbing humidity or letting the Skyn breathe. Upholstery made from these fibres can be washed by hand in warm water or in a washing machine, according to the wash cycle indicated. They must not be bleached or wrung out in a spinner, otherwise they will crease. They must be hung up to dry and do not always need to be ironed. If an iron is used to return products to their original shape, a low temperature is recommended.

FIBRES SYNTHÉTIQUES

Ces fibres se constituent de polymères chimiques de types très différents. Les caractéristiques changent beaucoup de fibre à fibre: elles peuvent être élastiques, imperméables, indéformables, infroissables, absorber peu d'humidité ou laisser peu respirer. Les revêtements réalisés avec ces fibres se lavent à la main dans de l'eau tiède ou en lave-linge en suivant le cycle de lavage indiqué. Il ne faut ni les javeliser ni les essorer autrement ils se froissent. Il faut les suspendre pour les faire sécher et, parfois, il n'est pas nécessaire de les repasser. Dans le cas contraire, il faudra utiliser le fer à repasser à basse température.

FIBRAS SINTÉTICAS

Son fibras constituidas por polímeros químicos de tipos muy variados. Las características cambian mucho de fibra a fibra: pueden ser elásticas, impermeables, indeformables, sin arrugas, poco sensibles para absorber la humedad o dejar transpirar. Los revestimientos realizados con estas fibras se lavan a mano en agua tibia o en la lavadora siguiendo el ciclo de lavado indicado. No se blanquean y no se estrujan en el centrifugado, en caso contrario se estropean. Se ponen a secar colgados y a veces no es necesario plancharlos. Si se usa la plancha para dar forma a las prendas, conviene usarla a baja temperatura.

FIBRE VEGETALI

Sono fibre ricavate dai fiori o dal fusto di piante verdi. Sono formate da cellulosa che è un polimero naturale di zuccheri (simili all'amido). Sono fibre molto resistenti e versatili. Assorbono molto l'acqua, lasciano traspirare l'umidità. Possono essere lavate e stirate a temperature alte.

VEGETABLE FIBRES

These fibres are obtained from flowers or from the stalk of green plants. They comprise cellulose, which is a natural sugar polymer (similar to starch). These fibres are highly resistant and versatile. They absorb a great quantity of water, and release humidity. They can be washed and ironed at high temperatures.

FIBRES VÉGÉTALES

Ces fibres proviennent des fleurs et du tronc de plantes vertes. Elles sont formées de cellulose qui est un polymère naturel de sucre (semblable à l'amidon). Ces fibres sont très résistantes et polyvalentes. Elles absorbent beaucoup d'eau et laissent respirer l'humidité. Elles peuvent être lavées et repassées à de très hautes températures.

FIBRAS VEGETALES

Son fibras obtenidas de las flores o del tallo de plantas verdes. Están formadas por celulosa, que es un polímero natural de azúcares (similares al almidón). Son fibras muy resistentes y versátiles. Absorben mucha agua, dejan transpirar la humedad. Pueden lavarse y plancharse a altas temperaturas.

FIBRE ARTIFICIALI

Sono ottenute da lavorazioni e filatura della cellulosa del legno. Assorbono molto l'umidità, faticano ad asciugare, sono meno resistenti delle fibre naturali alle alte temperature. I rivestimenti realizzati con le fibre artificiali solitamente si lavano a secco. Alcuni si possono lavare in acqua, a mano, con detersivo neutro o in lavatrice con l'apposito ciclo, seguendo le istruzioni riportate sull'etichetta. I capi in fibra artificiale si stirano con ferro tiepido; l'alta temperatura li deforma e in alcuni casi li scioglie.

ARTIFICIAL FIBRES

These are obtained from processing and spinning wood cellulose. They absorb a high quantity of humidity, take a long time to dry, and are less resistant to high temperatures than natural fibres. Upholstery made from artificial fibres must usually be dry-cleaned. Some upholstery can be washed in water by hand with a neutral detergent or in a washing machine, using an appropriate wash cycle and following the instructions on the label. Products made from artificial fibres can be ironed at a warm temperature. A high temperature will make them lose their shape and, in some cases, even melt them.

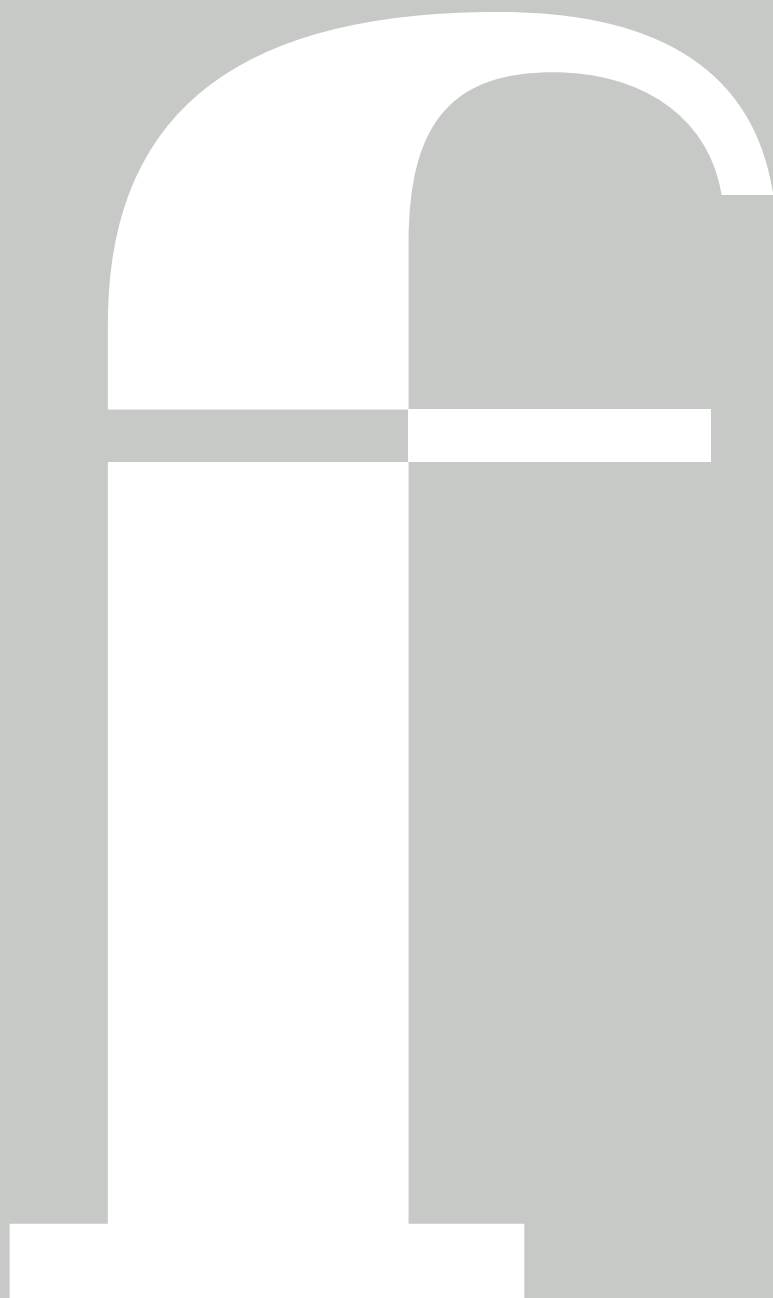

FIBRES ARTIFICIELLES

Elles s'obtiennent en travaillant et en filant de la cellulose de bois. Elles absorbent beaucoup d'humidité, ont du mal à sécher et sont moins résistantes que les fibres naturelles à de hautes températures. Les revêtements réalisés avec les fibres artificielles se lavent habituellement à sec. Certains peuvent se laver à l'eau, à la main, avec une lessive neutre ou en lave-linge en utilisant le cycle prévu et en suivant les instructions de l'étiquette. Les revêtements en fibres artificielles se repassent au fer tiède. Les hautes températures les déforment et, dans certains cas, elles peuvent les dissoudre.

FIBRAS ARTIFICIALES

Se obtienen trabajando e hilando la celulosa de la madera. Absorben mucha humedad, tardan en secar, son menos resistentes que las fibras naturales a las altas temperaturas. Los revestimientos realizados con fibras artificiales suelen lavarse en seco. Algunos pueden lavarse en agua, a mano, con detergente neutro o en la lavadora con el ciclo adecuado, siguiendo las instrucciones de la etiqueta. Las prendas de fibra artificial se planchan con la plancha tibia; la alta temperatura las deforma y en algunos casos las quema.
