

THE MIIRA COLLECTION

Miira 4

This stem fitting lamp consists of a linear stem in anodized or powder-coated metal with four globe-shaped diffusers in opal white or optic clear hand-blown glass. The opal white diffuser provides a soft, all-round light whereas the optic clear provides a more decorative light. The diffusers are distributed along the stem, allowing the light to be evenly dispersed from the lamp. The lamp is designed for ceiling mounting and uses four G9 light sources, each positioned centrally within the glass diffusers.

Designed by **Sofie Refer**

Product no.	2031005 - rock grey / optic clear black textile cord 2031006 - rock grey / opal black textile cord 2031007 - brass / optic clear black textile cord 2031008 - brass / opal black textile cord	Dimensions	465mm x ø380mm Cable length: max 2.500mm
